SKU: 3020-11022	SKU: 3015-11044	SKU: 3015-33106
Performance H-pipe	The Performance H-pipe plus AWE Resonators	The 1FG set up plus rear sections with 5" tips
T304L stainless steel construction	T304L stainless steel construction	T304L stainless steel construction
3" diameter tubing	3" diameter tubing	3" diameter tubing
23.5 lbs weight savings	24 lbs weight savings	41 lbs weight savings
Fits all cab and bed sizes	Fits all cab and bed sizes	Fits all cab and bed sizes
Deeper tone, no drone	Slightly more volume, yet a more refined tone	The aggressive tone of the 1FG plus the rear sections with 5" double-walled tips

AWE's precision-engineered H-pipe unlocks a deep, aggressive, drone-free tone.

Bespoke resonated front sections turn the exhaust route into a true dual configuration.

Dual 3" tail pipes topped with 5" individually adjustable tips finish off the rear of the Raptor.

Signature AWE 5" double-walled exhaust tips in a diamond black finish.
