

FFTRA

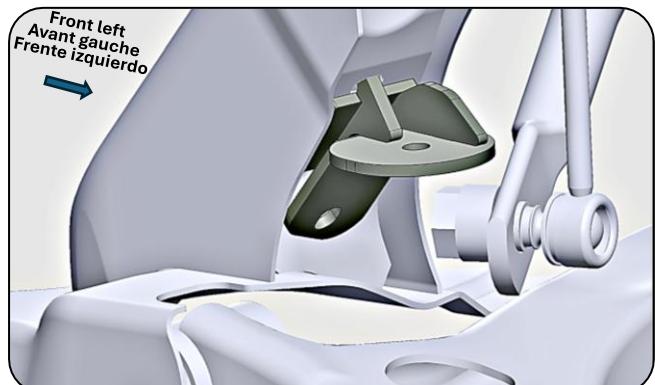

Front suspension package
ensemble de suspension avant
paquete de suspensión delantera

Step 1: Raise vehicle safely, turn wheels left to install left kit, right to install right kit, and install from front.

Étape 1: Soulevez le véhicule en toute sécurité, tournez les roues à gauche pour installer le kit gauche, à droite pour installer le kit droit, et installez depuis l'avant.

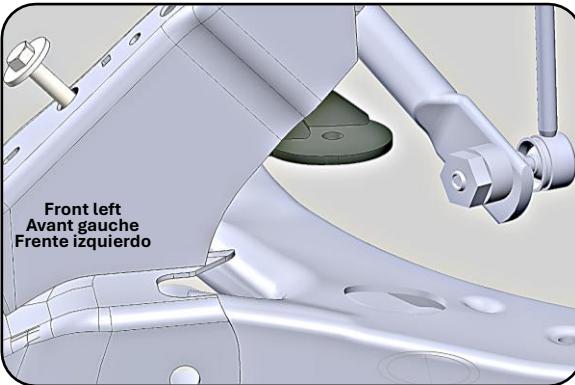

Paso 1: Levante el vehículo de manera segura, gire las ruedas a la izquierda para instalar el kit izquierdo, a la derecha para instalar el kit derecho, e instale desde el frente.

Step 2: Insert bracket (#1) interlock tab into top hole of control arm frame, slide up to lock, align bottom hole with frame hole.

Étape 2: Insérez la languette d'interverrouillage du support (#1) dans le trou supérieur de l'armature de bras de commande, faites glisser vers le haut pour verrouiller, alignez le trou inférieur avec le trou de l'armature.

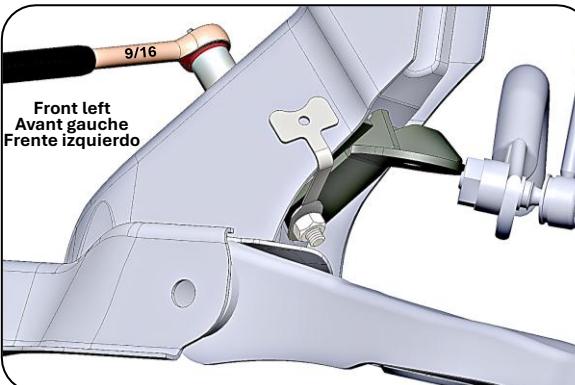

Paso 2: Inserte la lengüeta de bloqueo del soporte (#1) en el agujero superior del marco del brazo de control, deslice hacia arriba para bloquear, alinee el agujero inferior con el agujero del marco.

Step 3: Insert bolt (#2) with washer (#3) through bottom hole from back side of control arm frame.

Étape 3: Insérez le boulon (#2) avec la rondelle (#3) à travers le trou inférieur depuis l'arrière du cadre du bras de commande.

Paso 3: Inserte el perno (#2) con la arandela (#3) a través del agujero inferior desde el lado trasero del marco del brazo de control.

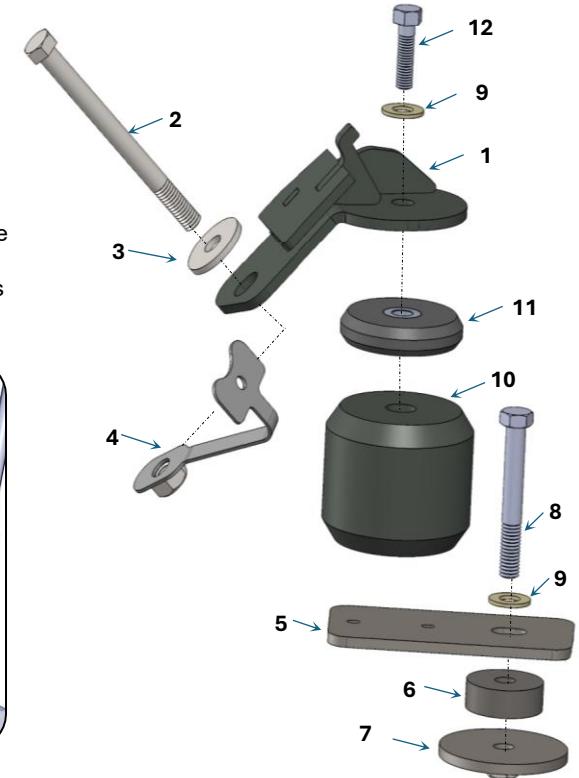

Step 4: Align item (#4) with bolt (#2), tighten bolt head with 9/16" socket to secure bracket.

Étape 4: Alignez l'élément (#4) avec le boulon (#2), serrez la tête du boulon avec une douille de 9/16" pour sécuriser le support.

Paso 4: Alinee el elemento (#4) con el perno (#2), apriete la cabeza del perno con una llave de 9/16" para asegurar el soporte.

Altura total del kit

Step 5: Align item (#6 & #7) under control arm hole and hold.

Étape 5: Alignez l'élément (#6 et #7) sous le trou du bras de commande et maintenez.

Paso 5: Alinee el elemento (#6 y #7) debajo del agujero del brazo de control y sostenga.

Step 6: Place item (#5) on control arm, align holes and make edge face parallel to bracket (#1). Drop bolt (#8) with washer (#9) into hole, through disc (#6), tighten with item (#7) to secure.

Étape 6: Placez l'élément (#5) sur le bras de commande, alignez les trous et faites en sorte que la face du bord soit parallèle au support (#1). Insérez le boulon (#8) avec la rondelle (#9) dans le trou, à travers le disque (#6), serrez avec l'élément (#7) pour sécuriser.

Paso 6: Coloque el elemento (#5) en el brazo de control, alinee los agujeros y haga que la cara del borde sea paralela al soporte (#1). Inserte el perno (#8) con la arandela (#9) en el agujero, a través del disco (#6), apriete con el elemento (#7) para asegurar.

Step 7: Mount spacer (#11) and Aeon Spring (#10) with washer (#9) and bolt (#12) using 13mm wrench.

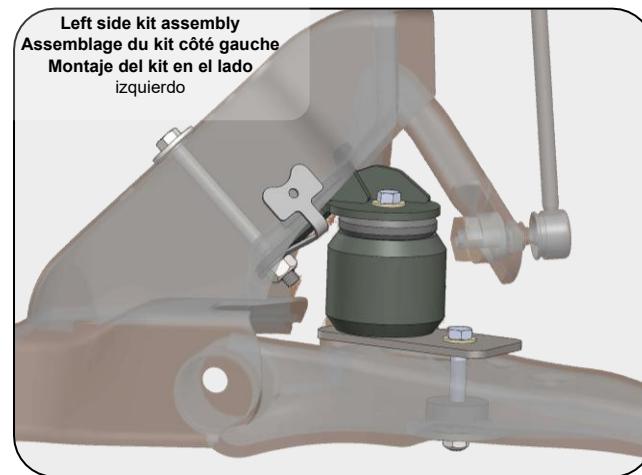

Étape 7: Montez l'entretoise (#11) et le ressort Aeon (#10) avec la rondelle (#9) et le boulon (#12) en utilisant une clé de 13 mm.

Paso 7: Monte el espaciador (#11) y el resorte Aeon (#10) con la arandela (#9) y el perno (#12) usando una llave de 13 mm.

Step 8: Lower the vehicle safely.

Étape 8: Abaissez le véhicule en toute sécurité.

Paso 8: Baje el vehículo de manera segura.

Clearance Instructions

- Front SES kits are usually in full contact.
- Rear SES kits for Light Duty Trucks and Cube Vans should have 1/2" to 1-1/2" gap between rubber spring and contact point when empty. (Partial load, or vehicle accessories will reduce or eliminate gap.)
- Medium and Heavy-Duty Trucks, Trailers and Motorhomes will be in constant contact, and have no gap

Lifetime Warranty

Timbren SES – Suspension Enhancement Systems kits are warranted against defects in material and workmanship, under normal use and service, for the life of the vehicle on which the kit was originally installed. The warranty is non-transferable, and proof of the date of purchase and purchaser is required.

This warranty is limited to the replacement of the failed parts and does not include labor, freight, collateral damage or ancillary costs which may arise as a result of the failed part. For vehicles subjected to exceptionally high use and service, the warranty is limited to the lesser of 5 years (from date of purchase) or 400,000 km (approx. 250,000 miles).

Timbren retains the right to make its own inspection of the failed part to determine the validity of the claim. Timbren shall not be liable nor warrant the product in the event of alteration, misuse, overload, negligence nor damage caused by others
