

**2006-2011 Honda Civic DW400  
Performance Module  
PN# 9-437-7241**

The DeatschWerks DW400 Performance Module features a DW400 pump, integration of the OEM returnless fuel line, and retention of ALL the functionality of the factory module. The module consists of a top-hat, center section, and lower bucket. These components work together to deliver the flow you need and the OEM functionality you want.

- OEM Tank Fitment
- Keeps OEM Level Sensor, Capacity and Surge Features
- Factory Returnless Compatible, No Plumbing Required
- 205% Flow Over OEM 2006-2011 Civic Si Module
- Factory Plug and Play Operation
