Part & Hardware List					
ITEM	QTY	SIZE	LENGTH	TYPE	STEP USED
P1	1	-	-	Mirror	3
P2	1	-	-	Logo Badge	4
P3	2	-	-	Plastic caps	5
P4	2	-	-	Double sided sticky tape	5

Step 1: Mirror housing does not have to be removed from UTV to be replaced. Place vehicle on a flat and level surface. Place gear selector in "Park" and remove keys from the ignition.

Step 2: Pry and remove Logo badge from the mirror housing and remove. (Figure A) Do not worry if you bend the logo plate a replacement logo badge is provided.

Step 3: Remove the nut under the logo badge (Figure B). Use a 10mm socket to remove the nut. Once the nut is removed pull out broken mirror and replace with new mirror [P1] provided ((Figure C) and reverse the removal procedure until nut is hand tight.

Step 4: Remove the plastic tape cover from the back of the Logo badge [P2] and align the holes and press firmly in place. **Please note:** Make sure you are replacing the Logo in the same direction it was in when you removed it. (Figure D).

Step 5: This should complete your mirror replacement. (Figure E) Two extra plastic end caps are provided for your convenience with double sided sticky tape, just encase you are missing any of the caps and you want to replace them. Place the tape [P4] provided on the inside of the cap and remove the protective plastic cover and place the cap firmly in place. (Figure F) This should complete the installation (Figure G).
