RIDE
Performance (Ride Zone)

This is your everyday, on-the-street ride zone - tuned for the most comfort and performance.

JCO 2/3
Jounce Cut-off

Your internal bump stop - this will prevent the car from bottoming out when a hard impact is experienced.

RCO
Rebound Cut-Off

Top-out control: When the shock is fully extended, this zone will slow down the working piston and mitigate harsh top-out events.
