Perfect fitment, premium T304L stainless steel, aggressive tip options, 50-state emissions compliance, and a soundtrack that only AWE can deliver, all proudly engineered, designed, and manufactured in-house, in the USA. Presenting the AWE Exhaust Suite for the F9X X3 M & X4 M.

AWE SWITCHPATH™ CATBACK EXHAUST

No drone, max flow, and push-button attitude. SwitchPath™ delivers the best of both worlds—civil with the valves closed, rowdy with 'em open—with zero compromises.

AWE NON-RESONATED PERFORMANCE MID-PIPE

3" stainless steel with a tailored crossover, no funny business. Replaces the factory midsection to make a full catback, and adds an ample dose of aggression.
