

# UNIVERSAL AIR-TO-WATER INTERCOOLERS

- > Highly efficient air-to-water design delivers effective cooling in a compact package
- > Bar-and-plate core provides durability and efficient cooling for vehicles up to **1500hp**
- > Dual-pass coolant flow and single-pass coolant flow options available

| Horsepower | Dual-Pass       | Single-Pass     | Outlet | Inlet | Core Size              | Overall Length                     | Overall Height | Overall Width |
|------------|-----------------|-----------------|--------|-------|------------------------|------------------------------------|----------------|---------------|
| 500HP      | MMINT-A2W-DPR-1 | MMINT-A2W-SP-1  | 2.75"  | 2.75" | 9.79" X 3.93" X 3.93"  | Same side inlet/outlet: 13.61"     | 9.25"          | 3.93"         |
|            | MMINT-A2W-DPR-1 | MMINT-A2W-SPR-1 |        |       |                        | Opposite side inlet/outlet: 14.13" |                |               |
| 1000HP     | MMINT-A2W-DP-2  | MMINT-A2W-SP    | 3.00"  | 3.00" | 12.00" X 4.92" X 4.92" | Same side inlet/outlet: 13.61"     | 10.75"         | 4.92"         |
|            | MMINT-A2W-DPR-2 | MMINT-A2W-SPR-2 |        |       |                        | Opposite side inlet/outlet: 14.13" |                |               |
| 1500HP     | MMINT-A2W-DP-3  | MMINT-A2W-SP-3  | 3.50"  | 3.50" | 12.00" X 5.90" X 5.90" | Same side inlet/outlet: 13.61"     | 12.37"         | 5.90"         |
|            | MMINT-A2W-DPR-3 | MMINT-A2W-SPR-3 |        |       |                        | Opposite side inlet/outlet: 14.13" |                |               |
